Makaton

Talking does not just involve speaking. Watch someone talking, they will also be using gestures, facial expression, eye contact and body language. All this is communication. Makaton uses speech with signs (gestures) and symbols (pictures) to help people communicate. Would you like to learn some useful signs to use with your child?

As part of our Coltale programme (City of London Talks and Listens Enthusiastically) we post Makaton videos every Wednesday on our social media platforms. Follow us on Instagram, Facebook, Twitter or search [#ColtalesTopTips](https://www.instagram.com/ColtalesTopTips)

Talking about pictures

You don't always need to read the words in books. Looking at and talking about picture books is a great way to encourage your child to enjoy stories. If you speak another language at home, talk about the pictures and story in your own language.

Singing songs and sharing books in is a fantastic way to support your children's development.

Why not download a time together leaflet from the national literacy trust in your home language.
